**Learning Objective:**

Under the externship program, students supplement their academic experiences by using their knowledge and skills in the legal or policy field under the supervision of an attorney or judge. By the end of an externship students will improve lawyering skills, including legal or policy research, analysis, and writing; oral communication skills, and assignment management; increase their knowledge of a particular area of the law or policy; and develop stronger interpersonal and professional skills.

**Course Details:**

- 1. Information Packet:** Students and supervisors must review and agree to all externship requirements. Students should review and provide their Supervisors with the **Externship Information Packet**, found at <http://www.law.gmu.edu/academics/clinics>. Please pay particular attention to the items that must be submitted in order to receive credit for your externship at the end of the semester.
- 2. Signed Service Agreement:** All approved externship students and their supervisors should sign the **Service Agreement found in the Externship Information Packet (<https://www.law.gmu.edu/academics/clinics/>)** no later than the second week of the semester, unless permission was given to submit the document at a later date. Please make sure your agreement includes the email and phone number of your actual onsite supervisor. Signed Service Agreements should be scanned and added as an attachment to your Externship Information Form in

the Symplicity Externship module. Department of Justice interns may use the DOJ agreement in lieu of the Scalia Law service agreement. Other federal government employers have separate government service agreement forms and may have concerns about signing the Scalia Law service agreement. If you find yourself in this position, please email one of us to discuss. In addition, all students must review, sign, and upload the signed GMU Covid Forms. As a reminder, you can find your Externship Information Form by logging into Symplicity and selecting the Externship module.

**3. Updated Supervisor Information:** Current supervisor information must be included on your Externship Information Form on Symplicity (please be sure to list your supervisor's email address. If your actual supervisor turns out to be someone other than the person who signed the service agreement or your supervisor changes for some reason during the externship, **please update your Externship Information Form on Symplicity as the system will contact the person identified on the form for a final evaluation.** As a reminder, you can find your Externship Information form by logging into Symplicity and selecting the Externship module.

**4. Tutorials:** There will be two 50-minute tutorials. The first tutorial will be June 8 and the second tutorial June 21 each at 5:00 pm. Each student must **attend one tutorial in person (unless in a "R" externship section)**, even if the student has participated in an externship program previously. Tutorials will cover various topics and include opportunities to discuss externship experiences and questions. Students should ensure their attendance is recorded at tutorials. A zoom link for a tutorial will be provided only to students who get a yellow or red on the Covid checker. Contact us in the morning on the day of the tutorial should you get a yellow or red on the Covid checker to be able to attend the tutorial via zoom.

**5. Mid-Semester Meeting:** Each student must schedule a mid-semester remote meeting with one of us to discuss how the externship is progressing. Meetings should last no longer than 10-15 minutes and typically take place in June. You will be notified via your student email accounts of sign-up times and steps.

**6. Mid-Semester Employer Evaluation:** Each student must arrange for his or her supervisor to provide a written mid-semester evaluation by email. These mid-semester checks may be short – 4-6 sentences summarizing the student's performance to date. Mid-semester evaluations should be sent by email to [vhuber@gmu.edu](mailto:vhuber@gmu.edu) and [cdinsmor@gmu.edu](mailto:cdinsmor@gmu.edu). **Mid-semester employer evaluations are due no later than June 29 unless alternative timing has been requested and approved due to the timing of your summer externship.** The evaluation should briefly address:

1-2 sentences on the nature of the assignments given for the externship hours

1-2 sentences about the student's performance on the assignments

1-2 sentences about the student's overall professionalism. Please address any strengths or weaknesses related to timeliness of work product, communication with supervisors about work schedule, project updates or completion, and interaction with clients or other professionals in the workplace.

**7. Final Items: Self Evaluation, Track Hours, Externship Program Evaluation and Final Employer Evaluation:** In order to receive credit for this course, students must meet the final requirements set out in the Externship Information Packet. **Students must complete the final Self Evaluation, Externship Program Evaluation, and track hours (i.e., an online timesheet form) on Symplicity in the Externship module.** The hours must be entered/tracked in the Symplicity module and must include general descriptions of your tasks. Descriptions should include the general area of work and duties; simply listing "researched" or "drafted" is insufficient. Hours should include sufficient descriptions of your duties or projects that we could provide such a write up to a client if we were billing out your work. Examples include: researched x and y for memorandum for x; attended strategy meetings on y matter; sat in on client meeting for x case; drafted white paper on y; looked up caselaw on x for y person; continued compiling research on y. **Hours and tasks should be entered into Symplicity weekly if not more frequently.** The sample of your written work product should be added to your Self Evaluation as an attachment. The supervisor identified in the Externship Information Form will receive a system-generated email to complete the final Employer Evaluation online, which includes approving the time entered by the student into the Symplicity hours tracker. Students are responsible for ensuring supervisors submit timely final online evaluations.

The Symplicity system will generate reminder emails to students and supervisors for the final items as we approach the end of the summer term. **In all cases, final items must be completed by Friday, August 12, unless permission was given ahead of time for submission at a later date.**

Attached for your convenience at the end of this syllabus is a helpful checklist of the steps you must complete to receive externship credit. Please email with any questions or concerns that arise before or during your externship. Email is the best way to reach us, and don't hesitate to re-email us if you don't hear from one of us within 48 hours.
