

**Patent Law (Spring 2024)**  
**Professor Adam Mossoff**

**First Class Assignment**

The required text for the class is:

**Robert P. Merges & John F. Duffy, *Patent Law & Policy: Cases and Materials* (8th ed. 2021)**

For the first class, please read the following:

Merges & Duffy casebook: **pp. 3-69**

**“Theories of Patent Law” [TWEN]**

There is a bit more reading for the first class given the introductory expository material, as the classes for the rest of the semester will average around 30-40 pages.

There is a class TWEN site, where the syllabus, class assignments and related course materials are already available. **All students must sign up for the TWEN site.** If you have never used TWEN before, please check with the law librarians for assistance on how to access the website. The TWEN site should be active before Christmas.
