OUR SCHOOL

CAN BE DEFINED

BY THREE WORDS:

LEARN. CHALLENGE. LEAD.

George Mason University Antonin Scalia Law School is defined by three words: Learn. Challenge. Lead. Students receive an outstanding legal education (**Learn**); are taught to critically evaluate prevailing orthodoxy and pursue new ideas (**Challenge**); and ultimately, are well prepared to distinguish themselves in their chosen fields (**Lead**). It has been one of America's top-ranked law schools for the last fifteen years.

Our school rests on four fundamental pillars that will support learn, challenge, and lead:

1. Scalia Law School provides an **exceptional location** for student opportunities.
2. Scalia Law School offers an **exceptional community** for its students, alumni, faculty, and staff.
3. Scalia Law School delivers **exceptional career** support services.
4. Scalia Law School is home to an **exceptional market-oriented faculty**, which places us at the center of foundational debates on liberty, private property rights, constitutionally limited government, and the economic analysis of law.

Our goal is to deliver superior service to help students achieve their goals.

During the past decade, Scalia Law School has been at the forefront of curricular innovation. Seizing on both rapid changes in the legal profession and the invaluable asset our location provides, Scalia Law School has pioneered a unique curriculum that complements traditional classroom instruction with practical training opportunities in metropolitan Washington, D.C.

LAW AND ECONOMICS

Scalia Law School is home to an interdisciplinary faculty, many with JDs and doctorates in economics, philosophy, or other related fields. The Law and Economics Center, an intersection for academic research and education that focuses on the timely and relevant economic analysis of legal and public policy issues confronting policymakers worldwide. Given these assets, the law school's curriculum integrates economic and quantitative tools, stressing the application of non-legal methods in legal contexts. Graduates leave law school with a unique skill set that is valuable in legal practice.

INTELLECTUAL PROPERTY

The Washington, D.C., metropolitan area is an established center for the practice of intellectual property (IP) law, with the U.S. Patent and Trademark Office (government headquarters for patents, trademarks, and copyrights), and the U.S. Court of Appeals for the Federal Circuit (which has sole appellate jurisdiction over patent cases) located minutes away from the law school. Moreover, Scalia Law School houses the Center for the Protection of Intellectual Property, which brings together scholars, industry leaders, inventors, creators, and policymakers to examine foundational questions and current controversies concerning intellectual property rights.

NATIONAL SECURITY LAW AND POLICY

Scalia Law School has a strong commitment to identifying legal and policy solutions that both safeguard constitutional liberties and promote a robust national defense. To meet today's demand for national security, the law school welcomed the National Security Institute (NSI) as a complement to its National Security Law and Policy concentration. The NSI incorporates a realistic assessment of the threats facing the United States and its allies, as well as an appreciation of the legal and practical challenges facing U.S. intelligence, defense, law enforcement, homeland security, and cybersecurity communities.

VISIT OUR CAMPUS

- Take a tour and observe a class.
- Meet with an admissions counselor.
- Participate in special events for admitted students throughout the spring and summer.

We invite prospective students to visit our campus, tour our law school, and sit in on a class. We offer formal tours and information sessions each semester.

If prospective students are unable to make a scheduled tour time, they are welcome to visit the school at any time.

TOURS & INFORMATION SESSIONS

Prospective students should register for a tour and classroom visit at least 48 hours in advance.

Classroom visits are limited to three prospective students at a time. The event schedules and registration information is available under the Visit Campus page on the website.

First-year law students take a preset curriculum, taught by the full-time faculty. After the first year, each student can choose from a wealth of course options. Every student has access to the same career service, clinic, and student organization opportunities, as well as the ability to switch between the full and part-time programs to accommodate employment opportunities.

FULL-TIME DIVISION

Full-time students traditionally take 14 to 15 credits each semester, typically completing the 89 credit hours required for graduation in three years. Daytime classes are held between the hours of 8:00 a.m. and 6:00 p.m., Monday through Friday, although, after the first year, many full-time students elect to take courses offered in the evening (6:00 p.m. and later) as well.

PART-TIME DIVISION

Part-time students will average 10 or 11 credit hours each semester, typically completing the 89 credit hours required for graduation in four years. Evening classes are regularly scheduled between 6:00 and 10:00 p.m., Monday through Friday, but after the first year, part-time students are eligible to take daytime classes. Part-time students will attend class five nights a week for at least the first year of law school.

THE ADMISSIONS PROCESS

THE ADMISSIONS PROCESS AT SCALIA LAW SCHOOL IS VERY COMPETITIVE AND HIGHLY SELECTIVE DUE TO THE VOLUME OF APPLICATIONS AND THE LIMITED NUMBER OF SEATS IN THE ENTERING CLASS. WHILE THE LSAT AND GPA ARE PRIMARY FACTORS IN DECISIONS, APPLICATIONS ARE REVIEWED IN THEIR ENTIRETY TO ENROLL THE MOST DIVERSE AND ACADEMICALLY PREPARED CLASS POSSIBLE.

“ I was drawn to a legal curriculum that incorporated economic tools and methods, especially considering the increasing prominence of economic concepts within the legal field. By incorporating economics into our curriculum, Scalia Law students learn more than just the black-letter law. They understand the effects of the laws and are therefore able to make predictions about the application of those laws. ”

FROM THE INTERNATIONAL SCHOOL OF LAW TO THE ANTONIN SCALIA LAW SCHOOL

1972

The International School of Law opens in Washington, D.C. with 7 administrators and 12 faculty members on the basis of encouraging more intimacy between students and faculty through small classes—a guiding principle that holds true today.

1977

The law school moves to Arlington, Virginia to expand services, including a law library, study spaces, faculty and administrative offices, and parking, for its growing student body.

1979

George Mason University absorbs the law school, satisfying the demand for increased educational opportunities for the growing population of Northern Virginia.

1986

Desiring to be more than “just another good law school” and with the help of George Mason’s first Nobel Laureate in Economics, James M. Buchanan, the University attracts well-known innovator and entrepreneur Henry G. Manne to the deanship of the law school.

1986-87

Under Manne’s leadership, the law school undergoes a dramatic change of academic philosophy, adopting an interdisciplinary approach to the study of law that incorporates economics as an essential tool for legal and policy analysis.

1988-89

The law school’s reputation for nurturing a competitive marketplace for ideas grows, and *US News & World Report* identifies it as an “up and coming new law school.”

1999

The law school relocates to a brand new 150,000 square-foot facility, Hazel Hall.

2002

US News & World Report ranks the law school in the Top-50 Best Law schools for the first time, and the school remains in the top tier to this day.

2010

Professor Henry N. Butler, a leader in law and economics research and education to policymakers, returns to the law school to run the Law and Economics Center started by Dean Manne.

2015

The law school welcomes its next Dean, Henry N. Butler, who brings with him a commitment to providing an exceptional educational experience to students.

2016

The University announces the renaming of the law school in honor of the late Supreme Court Justice Antonin Scalia, whose reputation for rigorous, intellectually honest, and consistent legal debate accurately reflects the school’s historic brand and whose career embodies the school’s motto of “Learn. Challenge. Lead.”

“

George Mason University Antonin Scalia Law School is defined by three words: Learn. Challenge. Lead. Students receive an outstanding legal education **(Learn)**; are taught to critically evaluate prevailing orthodoxy and pursue new ideas **(Challenge)**; and ultimately, are well prepared to distinguish themselves in their chosen fields **(Lead)**. ”
