# Zoom Interface

1. **Microphone and Camera Controls**: Mute/unmute, set microphone, turn video on/off and configure camera.

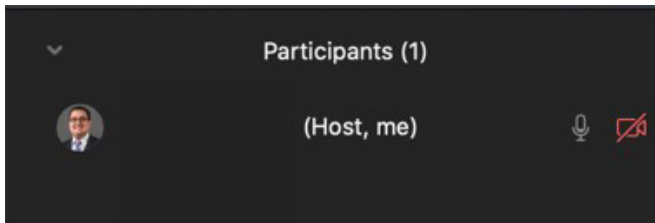

2. **Share Screen, Participant list, chat**: Share Screen, Open Participant Panel, Record, configure Security Settings, open Chat panel.

3. **Breakout Room**: Zoom allows you to create Breakout Rooms. You can manually assign participants to room or split them automatically. (See breakout room tutorial).

4. **Participant Panel**: List of all participants in the meeting. Host can mute/unmute/expel attendees.

5. **More Options**:
   a. **Invite more attendees.**
   b. **Mute All participants.**
   c. **Mute Participants upon Entry.**
   d. **Allow Participants to Unmute Themselves**
   e. **Lock Meeting.**
   f. **Enable Waiting Room.**
