

Share Presentation or Video on Zoom

Zoom offers two screen sharing options:

- **Presentation and Text:** Optimized for PowerPoint, PDF, and documents.
- **Video & Sound:** Optimized for video and sound playing. Ideal for sharing media or websites that have sound.

1. Click the Share Screen icon  at the bottom of the screen.

2. Select one of the screen options. You can share your entire **Desktop/Screen** or chose a **specific application**.

Note: Applications must be open **before** opening the Share Screen menu.

3. Click **Share**.

Note: click the red **Stop Share**, to close the Share Screen.

4. If your presentation has a video or music, you must select the two options at the bottom of the screen.
